BEAUMONT LEYS SCHOOL

HEALTH and SAFETY POLICY

1. HEALTH and SAFETY POLICY STATEMENT

- 1.1 The aim of the Governing Body is to provide a safe and healthy working and learning environment for staff, students, stakeholders and visitors to the school. The Governing Body believes that the prevention of accidents, injury or loss is essential to the efficient operation of the School and is part of the good education of its students.
- 1.2 The Health and Safety at Work etc. Act 1974 imposes a duty of care on employers and employees in the workplace. The Governing Body will ensure, so far as is reasonably practicable, that persons who are not in our employment, but who may be affected by it, are not exposed to unacceptable risks to their health and safety. The Governing Body accepts that it has a responsibility to take all reasonably practicable steps to ensure the health, safety and welfare of students, staff and others.
- 1.3 The Governing Body believes that only the adoption of safe methods of work and good practice by every individual can ensure everyone's personal health and safety. The Governing Body will take all reasonable steps to identify and reduce hazards to a minimum, but all staff and students must appreciate that their own safety, and that of others, also depends on their own individual conduct and vigilance whilst on the School premises, or while taking part in School activities.
- 1.4 The Governing Body will ensure as far as is reasonably practicable, compliance with all current and future Health and Safety legislation. They note the provisions of the Health and Safety at Work etc. Act and in particular, the duty of every 'employer' to conduct their business in such way as to ensure, as far as is reasonably practicable, that persons who are and also persons who are not in their employment, but who may be affected by it, are not exposed to unacceptable risks to their health and safety. The Governing Body accepts that it has a responsibility to take all reasonably practicable steps to ensure the health, safety and welfare of staff and others
- 1.5 The Governing Body, through delegated powers will promote, establish and consolidate such measures as are reasonably practical to foster safety, health and welfare at work of all employees, students and other users of the school premises.
- 1.6 The Governing Body will review this policy statement annually and update, modify or amend it as considered necessary to ensure the health, safety and welfare of staff and students/students.

2. ORGANISATION

- 2.1 The following section details how Beaumont Leys School is organised for the management of Health and Safety by the establishment of responsibilities, accountabilities and duties which are, designed to promote a positive health and safety culture. It will aim to ensure that all within the organisation are committed to the operation of safety management systems and thereby the health, safety and welfare of all staff, students and visitors.
- 2.2 Individuals or groups will be allocated responsibilities and duties in respect of the management of health and safety within the school.
- 2.3 The Governing Body is responsible for monitoring compliance with statutory requirements and with the Local Authority School Safety Policy. As such The Governing Body is required to ensure that the management structure detailed below is documented, implemented and effective. They are also responsible for creating an effective organisation for the management of Health and Safety.

- 2.4 Health and Safety will feature as a regular agenda item at Governing Body Facilities Management/Health and Safety meetings. The Facilities Management/Health and Safety Committee will periodically monitor and review the effectiveness of the school health and safety policy and ensure that any necessary changes are made.
- 2.5 All staff will make themselves familiar and ensure compliance with the requirements of the Health and Safety at Work etc. Act 1974 and any other health and safety legislation and codes of practice relevant to the work of the school and also the particular area in which they work.

MANAGEMENT STRUCTURE

3. RESPONSIBILITIES/DUTIES OF THE GOVERNING BODY

- 3.1 The Governing Body is responsible for monitoring compliance with statutory requirements and with the Local Authority school safety policy. As such The Governing Body is required to ensure that the Management Structure detailed above is documented, implemented and effective.
- 3.2 Health and Safety will feature as a regular agenda item at Governing Body meetings. A 'Governing Body Facilities Management/Health and Safety Committee' has been established and will periodically monitor and review the effectiveness of the school Health and Safety policy and ensure that any necessary changes will be made. The committee is responsible for ensuring that the terms of reference are in place. The Site Manager will have a standing invitation to attend this meeting in order to raise any Health and Safety and other pertinent issues arising from the day-to-day operation of the premises.
- 3.3 Reports on Health and Safety will be received from the Business Manager and any of the following as appropriate:
- The Local Authority's Health and Safety Adviser.
 - The school Health and Safety committee.
 - Union safety representatives.
 - Strategic Resources Manager
 - The Site Manager
- 3.4 The Governing Body will, so far as is reasonably practicable, provide within their area of responsibility:
- Adequate allocation of resources, including time, for work and activities with implications for health and safety to take place.
 - A safe environment for staff, students and visitors to go about their various activities.
 - Adequate welfare facilities.
 - Necessary safety and protective equipment and clothing.
 - Safe plant, equipment and systems of work.
 - Safe arrangements for the handling, storage and transport of articles and hazardous substances. Premises staff will deal with handling and transport of deliveries.
 - Supervision, training and instruction so that all staff and students can perform their activities in a safe and healthy manner.
 - The opportunity for all staff to receive health and safety training appropriate to their duties and responsibilities. This should be given before an employee commences any relevant work. Wherever training is required by statute, or considered necessary for the safety of staff, students and others, through delegation to the appropriate person the Governing Body will ensure that such training is provided. Students will receive such training as is considered appropriate to the school-related activities that they carry out. Records will be kept of all training. Staff/student training will be regularly updated.
- 3.5.1 The Governing Body, so far as is reasonably practicable and in consultation with the Headteacher/Strategic Resources Manager / Business Manager will:
- Make itself familiar with the requirements of the Health and Safety at Work etc. Act 1974 and any other health and safety legislation and codes of practice that are relevant to the work of the school, in particular the Management of Health and Safety at Work Regulations.
 - Adopt and maintain an effective policy, organisation and arrangements for the provision of health and safety throughout the school.

- Identify and evaluate risk control measures in order to select the most appropriate means of minimising risks to staff, students and others.
- Set standards and ensure responsibility is assigned for:

Electrical equipment cannot be brought on to the site without prior permissions from the Strategic Resources Manager / Business Manager /Site Manager.
- 12.6 Fire Drills - Occur regularly and all users must observe the instructions and guidance of the Health and Safety Policy and staff on site.
- 12.7 First Aid - In the evenings and at weekends the school cannot always provide a trained member of staff. Organisations should be prepared to make their own arrangements. These arrangements will be reflected in the hire/letting agreement with that organisation when applicable.
- 12.8 Accident/Incidents and dangerous occurrences must be reported to the school's representative immediately or the Premises Staff on duty.
- 12.9 Storage of Materials - The school cannot accept responsibility for items left or stored on its premise by Community users without its knowledge or permission.

13. ARRANGEMENTS FOR THE SUPERVISION OF STUDENTS

13.1 Breaks and Lunch times

The Governing Body has agreed that a sufficient number of people will be on duty in specified locations, during all breaks and lunchtimes. The teaching staff rota is maintained by the Deputy Headteacher. The Leadership Team are on duty each break and lunchtime on a rota basis. Support staff are also on duty during lunchtime and the rota is maintained by the Business Manager. All clubs, lunchtime and after school clubs are supervised by a member of staff.

13.2 Out of normal school hours

Teaching staff have a common law responsibility for the welfare of student on site. All staff engaged in supervisory duties are provided with a basic understanding of the school's agreed policy on student behaviour, incidents, and how to obtain first aid assistance.

13.3 Students Taking Medicines

The school complies with guidance detailed in **Supporting Pupils at School with Medical Conditions** (Department for Education)

14. LABORATORIES AND PRACTICAL AREAS

14.1 The Governing Body acknowledges and agrees to comply with guidance circulated by the Local Authority regarding safe practice in specialist areas. This includes guidance regarding the necessity for PRIOR training in the use of equipment perceived to constitute a risk and the need for regular servicing and maintenance of certain equipment.

Fume Cupboards

Machinery in D&T dept (full details of equipment and service checks are held by the Site Manager)

15. RISK ASSESSMENT

15.1 As Key Manager, the Headteacher will delegate responsibility to the Business Manager to ensure that regular written risk assessments are undertaken of premises, methods of work and all school sponsored activities. These will be reviewed following changes in circumstances or personnel or in accordance with agreed timetables. The Local Authority requires a regular programme of planned assessments to be completed by the Faculty Team Leader in high-risk areas such as laboratories, workshops, gymnasiums, etc., risk assessments will be reviewed annually but will be discussed and amended as necessary through the year. In other activity areas, establishments will review risk assessments on an annual basis.

15.2 Written risk assessments will identify all defects and deficiencies together with the necessary remedial action or risk control measures.

- 15.3 The results of all risk assessments will be reported to the Governing Body who will prioritise issues and assign resources to undertake remedial/control measures where required.
- 15.4 The Business Manager is responsible for carrying out whole school risk assessments.
- 15.5 Faculty Lead Teachers and all members of staff are responsible for ensuring that consideration is given to the identification of all foreseeable risks which might occur from carrying out all activities. Having identified all reasonably foreseeable risks they must ensure that the effects of such risks are eliminated or controlled. All risk assessments will be readily available for inspection by the Business Manager.
- 15.6 Areas of the school where risk assessment is particularly important are:

- Physical Education
- Design and Technology
- Science
- Information Technology
- Drama

Risk Assessments must be completed annually by the Faculty Team Leader and passed to the Business Manager for inspection, these will be stored on the staff 'O' Drive once signed off by the Headteacher and Strategic Resources Manager.

16. PROVISION AND USE OF WORK EQUIPMENT REGULATIONS 1998

- 16.1 The regulations require employers to provide and maintain safe equipment, Plants and systems of work. PUWER 98 applies to all work equipment including any that is leased, hired or second hand. PUWER 98 applies to all activities involving work equipment including:
- starting and stopping
 - regular use
 - transport
 - repair and modification
 - servicing and cleaning
- 16.2 Faculty Team Leaders are responsible for ensuring:
- Inspection
 - Equipment to be suitable for its intended purpose and to be used only in conditions where it is suitable.
 - Where safety depends on the installation conditions, equipment to be inspected by the Premises team before first use and after any relocation to ensure that it is safe to use
 - Any work equipment that may be subject to deterioration to be subject to regular before use checks at suitable intervals, and records of such inspection to be maintained.
 - Work equipment that poses a particular risk to be used, repaired and maintained only by suitably trained personnel.
 - Every piece of work equipment provided after 31.12.92 to meet the requirements of any specific relevant legislation (details of which are given in schedule 1 to the Regulations), for example the Supply of Machinery (Safety) Regulations 2008.
 - Information and training
 - All those who use, supervise or manage work equipment to have suitable information and instruction for the purposes of health and safety, including written instructions where appropriate.

- All those who use, supervise or manage work equipment to have received appropriate training for the purposes of health and safety.
- Controls
 - Access to any dangerous parts of machinery to be prevented or controlled by an appropriate method.
 - Exposure to risks to health and safety of users to be prevented wherever reasonably practicable, and otherwise adequately controlled.
 - Injury to be prevented from any work equipment or components, or any substance in use, having a very high or low temperature.
 - Suitable controls to be provided for starting and controlling equipment and machinery.
 - Suitable stopping devices to be fitted to work equipment to bring the equipment to a safe condition in a safe manner, or as appropriate.
 - Controls for work equipment to be clearly visible and easily identified.
 - Control systems for work equipment to be safe, and realistic in relation to the work being carried out.
 - Work equipment to be isolated from all its sources of energy
 - Where appropriate, work equipment to be stabilised as required.
 - Work equipment to be constructed or adapted such that maintenance work can be carried out without risks to health and safety.
- Marking of equipment
 - Suitable and sufficient lighting to be provided for the use of work equipment
 - Where necessary, work equipment to be clearly marked with any marking appropriate for reasons of health and safety
 - Work equipment to incorporate warnings or warning devices as appropriate.
- Individual employees are responsible for:
 - Following guidance and instructions regarding use of equipment and safe systems of work
 - Reporting to the Faculty Team Leader any defect or matter of concern.

16.3 Members of staff must consider Health and Safety aspects when purchasing equipment. The Strategic Resources Manager must be aware of all equipment required before purchasing. The following areas are identified by OFSTED in the Handbook for the Inspection of Schools as potentially requiring additional attention within the inspection of establishments:

- Technology
- Science
- Art
- Physical Education

16.4 The Governing Body has delegated responsibility to monitor these curriculum areas and to provide specific reports on these issues to the relevant Faculty Team Leader.

16.5 Portable Appliance Testing

A routine visual inspection of plugs and cables and for loose connections and faults should be carried out by all users as a matter of course. Portable electrical equipment should not be used unless it has a valid test certificate

sticker. Equipment without a valid certificate sticker or whose safety test period has expired must not be used or should be removed to a place of safety away from other potential users. The matter should then be reported to the Site Manager

17. EQUIPMENT / MACHINERY USE

17.1 The responsibilities of equipment / machinery operators:

- To read and understand the School's Safety Policy
- To work in accordance with its provisions
- To inspect any machinery/equipment you intend to use prior to its use, report any defects/damage to the appropriate Head of Department/ Business Manager or Site Manager
- To use ear protection devices to prevent gradual hearing damage as appropriate
- To use eye protection goggles for all activities and procedures where eyes are at risk and as recommended in risk assessment
- To use the equipment/machinery only for the purposes for which it was designed
- To use such appropriate safety equipment and wear protective clothing as may be necessary in carrying out your duties
- Suggest to Faculty Team Leaders ways in which working practices can be made safer
- Ensure that students and others within the vicinity of the equipment are not endangered by its use
- Report all accidents or damage to the relevant Faculty Team Leaders and Business Manager / Site Manager / Strategic Resources Manager and ensure that details are entered in the accident book
- Inform Faculty Team Leader of any medication that you are taking, or treatment following an accident or illness, which may affect your capacity for operating machinery, carrying out any procedure safely or supervising any activity with students.

18. INSTRUCTION AND TRAINING

18.1 The Headteacher/Strategic Resources Manager / Business Manager / PA to the Headteacher are responsible for ensuring that new staff are provided with suitable Health and Safety induction training on the first day of their employment or as soon as possible thereafter, and a record maintained. Training and continuing refresher training will be provided for all employees on potentially hazardous work tasks. Staff will be advised on Health and Safety hazards and given an explanation on safe systems and methods of work. The Business Manager must ensure that all staff are provided with suitable personal protective equipment and record the issue of such equipment in the Health and Safety file.

19. HEALTH AND SAFETY PROMOTION

19.1 All staff are responsible for promoting a positive and active attitude and approach towards Health and Safety at work and towards Environmental Protection. The Business Manager will issue information and advice regarding Health and Safety matters to help staff keep abreast of current issues and new initiatives. The Business Manager will consistently enforce the need for safe working school premises.

20. HOUSEKEEPING

20.1 Good housekeeping and sensible safety precautions are the foundation of the Safety Policy and everyone must play their part. All staff are responsible for maintaining a clean and tidy workplace. Good housekeeping is vital in all work areas. Clutter and untidiness increases the risk of trips and falls and is often a fire risk.

21. REPORTING ACCIDENTS AND DANGEROUS OCCURRENCES

- 21.1 All accidents **must** be reported immediately to the First Aider and recorded in the Accident Book. Accidents and dangerous occurrence will be thoroughly investigated by the Business Manager to establish the cause and action taken to eliminate or minimise the risk of reoccurrence. A form SO2 must be completed and submitted to the Local Authority Health and Safety team using the online platform. In addition accidents and/or injury to personnel or the general public must be reported to the school's Insurers. All accidents must be reported to the Business Manager.

22. PROCEDURE IN THE EVENT OF SERIOUS OR FATAL ACCIDENT

- 22.1 This is a summary of the action to be taken in cases of a serious or fatal accident or serious incident. This procedure applies in cases where staff, in the course of their work, are seriously or fatally injured and also in cases of a serious incident that may have resulted in serious or fatal injury. This procedure also applies in cases where students or other persons not employed by the school are involved in a serious or fatal accident or serious incident directly associated with work carried out by employees of the school. The member of staff, or in cases where the member of staff is incapacitated, the first person on the scene of an incident or accident must:

Contact the Headteacher by **the quickest means**. In cases when the Headteacher is not immediately available a **Deputy Headteacher/Business Manager/Strategic Resources Manager** or member of **the Senior Leadership Team must be contacted**. If no one is available then the following information must be obtained and passed on to the Headteacher urgently:

- Name(s) of members of staff/student/persons involved
- Location and address of accident or incident
- Telephone number
- Nature of accident or incident and current status of person involved
- What action has been taken
- Name of the person to be contacted for further information
- Headteacher/Strategic Resources Manager/Senior Leadership Team/Business Manager to contact CYPs Health and Safety Team

23. MANUAL HANDLING

- 23.1 Whenever possible lifting and moving heavy items should be carried out using mechanical handling equipment. If such equipment is not available and the load is too much for one person, assistance must be sought from a colleague. Staff must not attempt to lift or move something that is beyond their capability. If the load has sharp edges or abrasive surfaces gloves must be worn. An assessment of all potentially hazardous manual handling operations will be carried out by a competent person in line with the Manual Handling Operations Regulations 1992.

24. WORKING WITH ELECTRICAL EQUIPMENT AND HAND TOOLS

- 24.1 Where it is necessary to work on live equipment suitable precautions must be taken to prevent injury. Any such work must be carried out by a suitably qualified competent person. Whenever possible, low voltage equipment and supplies should be used. The Site Manager will ensure that the electrical mains system and associated equipment are tested in line with statutory requirements.

The Site Manager will ensure that all portable electrical equipment which appears on the schools inventory is PAT tested on an annual basis and records maintained.

25. CONTROL OF SUBSTANCES HAZARDOUS TO HEALTH

- 25.1 We are required to monitor substances in use in the workplace, assess the risks involved in their use and take any necessary precautions. Any person responsible for purchasing substances must ensure that the supplier provides a safety data sheet detailing any hazards involved in its use and advice on precautions to be taken, and that these are filed with other safety information for immediate access near to their place of use.
- 25.2 The Business Manager must ensure that employees are aware of the risks and precautions to be taken and that they comply with them. Substances must be issued in suitably marked containers clearly identifying the contents.

26. WASTE CONTROL

- 26.1 Waste oils, solvents, inks and other industrial waste materials will be disposed of by the Premises team using approved licensed disposal agents or contracts. Under no circumstances must waste oils and other substances be “tipped” into drains, waterways, skips or any other un-approved or non-licensed point of disposal.

27. CLASSROOM/OFFICE SAFETY AND DISPLAY SCREEN EQUIPMENT

- 27.1 Trips, slips and falls are the most common occurrences of accidents in a classroom/ office environment. The workplace must be kept clear of obstructions for example, open filing cabinets, paper and litter on floors, trailing cables etc. Particular care should be taken to keep corridors and emergency escape routes clear and to ensure that lighting levels are adequate.
- 27.2 When working at a computer ensure that your workstation is suitably organised and that: -
- The seating is comfortable, at the right height and does not cause unnecessary strain to your eyes, neck and back.
 - You avoid excessive glare and reflection.
 - The keyboard is at the correct angle.
 - If copying from documents, ensure that they are the same distance away as the screen, and ideally at the same height.
 - If you are working repetitively for long periods, take short breaks to give your hands and eyes a rest.
 - Display screen equipment will be assessed by a competent person to identify any hazards that may exist and to advice on actions to be taken. The Business Manager is responsible for ensuring appropriate action is taken.
 - Habitual users of display screen equipment will be provided with vision screening and eye tests in line with our Display Screen Policy. For further information contact the Business Manager.
 - Display Screen Equipment (DSE) risk assessments are regularly completed by the ICT Technician.

28. FIRST AID

- 28.1.1 The Designated First Aider, will be responsible for ensuring the provision of maintaining, suitably equipped first aid kits on the premises. All first aid locations will be marked and all staff will be informed on where first aid facilities are and who to contact if an emergency situation arises. The school has a first aid room which displays the names of all trained first aiders.

28.2 When attempting to aid an accident victim, an untrained person may do more harm than good. The following points are particularly important.

- Do not try to remove a particle from a person's eye, or any other embedded object from the limbs or torso as this could be stemming blood flow
- Do not move an injured person or try to get him/her to stand. Moving a person with spinal injury can cause damage to nerves and may result in paralysis
- Summon help immediately and keep the victim calm and warm.

It is the first aider's role to assess the situation and then call an ambulance if required.

28.3 Staff who have been identified as designated First Aiders, will be trained and provided with suitable facilities. A written record of all first aid administered is kept with the designated first aider. First aid materials are checked regularly to ensure that they meet minimum statutory requirements, and a record maintained of such checks.

28.4 It is important that this policy is also read in conjunction with the Allergy and Anaphylaxis Policy as this covers important first aid information in relation to allergy management in school.

29. FIRE PRECAUTIONS AND EMERGENCY PROCEDURES

29.1 A Fire Risk Assessment is in place and details of how fire safety is managed at the school. It also details the measures in place in order to control the risks posed by fire. The Business Manager and Site Manager will ensure that the fire action plan is carried out and that the fire risk assessment remains up to date.

29.2 Fire exits and routes to fire exits must be kept clear at all times. Fire and emergency evacuation drills will be carried out in line with the Fire Procedures.

29.3 The Business Manager must ensure that staff are signing in using the Inventory system and that an up to date list of staff and students is maintained, to be used as a checklist when carrying out a check as part of the evacuation procedure, and to ensure that staff, students and visitors know where to assemble in the case of an evacuation. All staff must familiarise themselves with the emergency procedure, the position of nearby fire exits and their assembly point.

29.4 The Site Manager has delegated responsibility for ensuring the provision of, and having maintained, all firefighting equipment, fire doors, fire warning systems, fire blankets, notices and all associated equipment. The fire alarm procedure within the premises will be tested at least once per week from a different call point. Fire procedures will be displayed along with notices for fire points, alarm points and directional signage. It will be the responsibility of the Business Manager to ensure that all new staff receives training in the Fire and Emergency Procedures on their first day at work.

29.5 The Site Manager will ensure that all statutory checks/tests on firefighting appliances and associated alarms and equipment are carried out, and a record maintained.

30. NO SMOKING POLICY

30.1 In line with the LA No Smoking Policy, there is now a ban on all smoking in enclosed public spaces and workplaces. The aim of the new smoking policy is to protect employees from second hand smoke and exposure.

30.2 Employees are no longer permitted to smoke in working time and therefore are not permitted to take smoke

breaks (whether paid or unpaid). Employees who wish to smoke may do so only in their own time (e.g. morning break or lunch breaks).

- 30.3 This restriction applies to all LA employees, Governing Body, agency and temporary staff, contractors, partner organisations, third parties hiring school premises and grounds, visitors, parents and students.

31. NEW AND EXPECTANT MOTHERS

- 31.1.1 Specific risk assessments will be made relating to the work operations of new and expectant mothers, and appropriate measures taken as a result, in compliance with the Management of Health and Safety at Work Regulations 1999. Risk assessments will be completed by the Business Manager, or another member of the HR team, for all expectant staff.

32. YOUNG PERSONS

- 32.1 All risks to young persons employed by the school (under 18 years old) will be assessed before they start work, taking into account their inexperience, lack of awareness of existing or potential risks, and immaturity, specific factors in the risk assessment will be addressed. Information will be provided to the parents of school age children about the risks and control measures introduced. Account will be taken of the risk assessments to determine whether the young person should be prohibited from certain work activities, except when they are over minimum school leaving age, and it is necessary for their training and: - where risks are reduced so far as is reasonably practicable, and where proper supervision is provided by a competent person, in compliance with the Management of Health and Safety at Work Regulations 1999.

33. DRUGS AND MEDICINES

- 33.1 Any Drugs and Medicines retained by the school will be kept in a locked Cabinet fitted with a suitable lock. Only fully trained and authorized members of staff will be permitted to dispense drugs and medicines, and then only with the permission of the Headteacher, and directly in liaison with parents.
- 33.2 All medicines must be properly labelled and locked away in the securely until required. A record will be maintained recording all drugs administered by or to the students.
- 33.3 Epipen training must be given to any personnel required to administer an Epipen in emergency situations and refresher training should be given every year. An Epipen will be administered when deemed necessary from a trained member of staff and whenever possible in accordance from medical advice from an emergency services call handler.

34. OUT OF HOURS

- 34.1 Where staff are required to work outside of normal working hours, special attention will be made to their safety in respect of lighting access and egress and the need for supervision along with contact procedures for staff working on their own in isolated areas of the workplace. Premises staff should be informed of staff working after 6pm.
- The lift must not be used when lone working.

35. STAFF WELLBEING / STRESS POLICY

- 35.1 The Governing Body of Beaumont Leys School recognise that individual and organisational health are interdependent, in the sense that a positive approach to organisational wellbeing can create substantial benefits for employees, health and organisational effectiveness. Beaumont Leys School is therefore committed to promoting an environment that has a positive impact on employee and organisational wellbeing.
- 35.2 Key Managers have early responsibility for individual and organisational health. To carry out these responsibilities managers need to:
- Ongoing reviewing of work pressures as identified through feedback from employees, team meetings, exit interviews, etc.
 - Create a climate, which assists staff to discuss perceived causes of stress and encourage and engage constructively in their suggestions for a better work person fit
 - Recognise that non work related problems can create stress for employees
 - Recognise that it is over simplistic to see stress in terms only of rush or time pressure
 - Be aware that some members of the workforce may be especially vulnerable
 - Ensure that any preliminary examination in the cause of poor performance includes consideration of health factors such as stress as a contributory factor
 - Provide access to Occupational Health Service for individual employees, to provide help and support via a confidential referral form
 - Develop and keep under review the stress risk assessment
 - Provide counselling opportunities through AMICA counselling Services.
- 35.3 Individual members of staff have responsibilities to themselves to be aware that stress is not easily recognisable and if they do not report the situation to their Line Manager/Headteacher it is unlikely that appropriate assistance can be given.

Therefore individual employees are urged to:

- Draw the attention of their Line Manager/Headteacher to any undue pressure or symptoms they are experiencing
- To draw the attention of their line Manager/Headteacher to any health or non-work related issues that may impact on their work role
- To actively cooperate with management in their efforts to control work related pressures.

36. CHILD PROTECTION/SAFEGUARDING

- 36.1 All employees of Beaumont Leys School are required to complete annual safeguarding training. If there is evidence that a child has been mistreated, either physically, emotionally, sexually or by neglect, the Designated Safeguarding Lead or a Deputy Designated Safeguarding Lead must be informed, and they will gather information and investigate the matter further, in line with school policy.

37. MANAGING BEHAVIOUR

- 37.1 Children and young people sometimes exhibit challenging problem behaviour. Our aims are:
- To provide a safe, calm and caring atmosphere for learning
 - To ensure consistency, fairness and clear expectations
 - To ensure that students are listened to and treated with equal respect
 - To help students to develop social skills and moral values in the context of the school as a community

- To support caring and co-operative behaviour and discourage anti-social behaviour

38. COMMUNICATION

- 38.1 The Governing Body will encourage the active participation of all staff in promoting good health and safety practice within the school, in line with The Health and Safety (Consultation with Employees) Regulations 1996.
- Arrange for appropriate measures for the health and safety of employees
 - The appointment of competent persons to provide advice and to implement emergency procedures.
 - The provision of information on risks to Health and Safety and on preventive measures.
 - The provision of adequate Health and Safety information and training before starting work and when exposed to new risks.

39. POLICY ON DRUGS AND ALCOHOL AT WORK

- 39.1 The Governing Body are committed to providing a safe and healthy working environment. It recognises that this can be put at risk by those who misuse alcohol or drugs to such an extent that it may affect their health, performance, conduct and relationships at work. The Governing Body therefore aims to promote a healthy environment to minimise such problems, identify staff with possible problems at an early stage and offer all staff known to have alcohol or drug problems affecting their work, referral to an appropriate source for diagnosis and treatment if necessary.
- 39.2 Staff are encouraged to approach the Headteacher to seek advice and assistance where appropriate. All information will be treated in utmost confidence. Should any member of staff be suspected or known to be affected by alcohol or any other substance the Governing Body request that an approach is made to the Headteacher and are informed of the details.
- 39.3 The Headteacher will treat the information confidentially and will endeavour to provide advice and assistance to the affected member of staff. No member of staff will be permitted to continue normal duties affected by, or suspected to be affected by alcohol or drugs of any type.
- 39.4 Every member of staff is reminded that under Section 7 of the Health and Safety at Work etc. Act 1974, employees have a duty to take reasonable care of themselves and others who may be affected by their acts or omissions at work.

40. VIOLENCE AT WORK

- 40.1 The Governing Body recognises that violence to staff may occur at some point during their working hours. The Governing Body is committed to providing a safe and healthy workplace including the protection of staff from aggression and violence as far as it is able.
- 40.2 Violence is defined as any incident in which a member of staff is abused, threatened or assaulted by a student or fellow employee or a member of the public. This includes sexual or other forms of harassment. Staff potentially exposed to any particular threat of violence shall have their work activities and work environment subject to risk assessment by the Headteacher.
- 40.3 Staff are reminded to report any incidents of aggression, threat or actual violence to the Headteacher, the school

take these matters very seriously and any evidence of a serious problem will result in a review to seek better methods of elimination and control. All incidents will be recorded along with measures taken by the school to prevent, minimise and control the risk of violence.

41. SHARPS

- 41.1 If a needle is discovered it should not be removed or touched by a member of staff or student. Everyone in the area should be made aware of the hazard as quickly as possible and steps should be taken to stop access to the area until the needle has been removed. This might be best achieved by allocating a member of staff to remain by the hazard until dealt with safely.

42. ARRANGEMENTS

- 42.1 The school health and safety procedures aim to ensure that suitable and sufficient management arrangements, risk control measures and workplace precautions are designed and in place.
- 42.2 To ensure that the organisational hazards affecting Beaumont Leys School are properly managed, risk assessments will be carried out and policies, procedures and guidelines produced for implementation by the appropriate designated managers.
- 42.3 The areas covered by these arrangements to date are:-

Risk Assessments	Work Equipment
Fire Precautions	Display Screen Equipment
First Aid	Manual Handling
Lone Working	DBS
Stress	Workplaces
No Smoking at Work	Weapons in School
Personal Protective Equipment	Electrical Safety
Emergency Procedures	Violence and Aggression
Accident Procedures	Building Maintenance
Home Working	Contractors
COSHH	Administration of medication
Occupational Health	Curriculum Safety
Monitoring	Accessibility/Special Needs
Staff Training	Educational Visits
New and Expectant Mothers	Security
Offsite Working	Work with Other Organisations
Control of restraint	

These procedures will be subject to routine and regular review to ensure they remain valid and effective in addressing their specific risk areas.

43. MONITORING

- 43.1 To ensure that the requirements of this Health and Safety Policy are effective in producing and maintaining a safe working environment, together with safe systems of work, the following monitoring procedures are in place.

- 43.2 All managers are required to carry out safety tours routinely and regularly and inspect the areas within their control and where appropriate carry out operational risk assessments on the hazards identified.
- 43.3 All staff are required to routinely and regularly inspect the areas in which they are working and report any health and safety concern to their line manager.
- 43.4 Records of incidents and accidents are routinely assessed to assist in the risk assessment process and in the setting of priorities, where appropriate the Business Manager is responsible for carrying out sufficient investigations to determine the cause/s and any remedial measures as necessary.
- 43.5 The Business Manager will analyse the accident/incident data and prepare statistical information to assist the annual review.
- 43.6 The Governing Body will play a major role in the monitoring and evaluating the objectiveness of safety systems. This will be done by reviewing risk assessments, control measures and accident trends on a regular basis at each Governing Body meeting or by a committee established for this purpose.
- 43.7 The school will undertake to make a suitable and sufficient assessment of the risks to staff and others who may be affected by its undertakings, and to record the significant findings of that assessment. This record should represent an effective statement of hazards and risks, which then leads the school to take the relevant action to protect Health and Safety.

This will involve:

- Ensure that all relevant risks and hazards are addressed
 - Identify and prioritise the measures that need to be taken to comply with the relevant statutory provisions
 - Take account of existing preventative or precautionary measures
 - Address what actually happens in the school
 - Ensure that all groups of staff and others who might be affected are considered
 - Identify groups of staff who might be particularly at risk
- 43.8 The risk assessments will be used positively by the school to change working procedures and improve Health and Safety performance as appropriate.

44. CONSULTATION

- 44.1 Committees will meet regularly, within the school to provide for joint consultation on health and safety matters.

Health and Safety Committees as well as fulfilling the statutory requirements, will:

- Monitor and review the general working arrangements for health and safety including the school's health and safety policy
- Act as a focus for joint participation in the prevention of accidents, incidents and occupational ill-health
- Assist in the development of safety procedures and systems
- Monitor the effectiveness of health and safety training, communication and publicity
- Consider reports and information from the enforcement agencies
- Consider accident statistics and trends
- Consider the circumstances of individual accidents and causes of reportable diseases
- Examine safety audit reports and inspections

OUR HEALTH AND SAFETY POLICY IS DESIGNED TO ENSURE THAT YOU FULLY UNDERSTAND THE ROLE THAT YOU AND THE SCHOOL MUST PLAY IN HELPING TO PROVIDE A SAFE AND HEALTHY WORKING ENVIRONMENT.

THE HEALTH AND SAFETY POLICY WILL BE REVIEWED ANNUALLY TO ENSURE IT CONTINUES TO SATISFY THE AIMS AND OBJECTIVES OF THE SCHOOL.
